A TEN INNING GAME

Steubenville Rapped Her Out In The Last.

THE Y. M. C. A. BOYS DID NOBLY

The Interstate League Club Thought They Had a Picnic and Came Very Near Being Sent Home in a Sad and Forlorn Condition—Some Heavy Stick Work and Clever Plays.

The Steubenville Interstate club is composed of a clever aggregation of ball tossers, and they had a regular jubilee at the expense of our Liverpool boys a few days since, when the Young Men's Christian association lads tackled them at home. They evidently expected a walkover yesterday afternoon on the West End grounds, and that's where they counted their chicks previous to the hatching out process. It required ten innings to settle the difficulty. But, oh how they did light on Howard's swift delivery in that fatal tenth, piling up seven monstrous runs ere the last Steubenville was called out. Then, adding insult to injury, they used the whitewash brush mercilessly upon the home lads, and the story ended with the score of 18 to 11 against us. But, taking all things into consideration, the Young Men's Christian association boys put up a dandy nice contest, and astonished the down-the-river ball tossers, men who call themselves crack ball players and lay claim to be among the leaders of the best organizations. Following is the score by detail:

Y. M. C. A.	R.	H.	P.	A.	E.
Twaddle, 3.....	2	3	3	1	0
Carey, 1.....	2	0	6	0	1
McShane, 3.....	2	2	2	5	2

Steubenville.....11 22 0 30 11 7—18
Y. M. C. A.....0 0 2 0 3 2 2 0 0—11

Base on balls—By Davidson, 3; Howard, 4; Hodson, 2.
Struck out—By Davidson, 3; Howard, 4; Hodson, 3; Gray, 3.
Home runs—Pritchard, 2.
Three-base hits—Ritchey, 1; Pritchard, 4; A. Wagner, 1; W. Wagner, 2.
Two-base hits—Rullock, 2; McShane, 1; Albright, 1; McNutt, 1.
Umpires—Herbert and Smith.
Time of game, 2:30.

In the first inning Tolbert muffed an easy fly in left field, the error resulting in a run for the visitors. One run.

East Liverpool had a neat dose of whitewash applied in their half.

The visitors made a single run in the second, and gave a goose egg to our home lads. Two to nothing and the bleachers angry.

The down-the-river boys pulled in two more runs in the third and East Liverpool went wild when the boys duplicated this in their half of the third. Score 4 to 2.

Strangers made two more in their half of the fourth and gave us the brush once more. Score 6 to 2.

We gave the league boys a dose of the brush in the fifth and then the fun commenced for East Liverpool. McShane got a nice base hit, and McNutt sent him to third with a driving two bagger, the batsman making a headlong plunge for second base, sliding about 15 feet to make it safely. Then came a hot drive to short left, and the fielder, anxious to cut the runner off at home, sent the sphere over the catcher's head and under the grand stand, sending the three base-men home, amid a perfect pandemonium of cheers, cat calls and hand clapping. This ended run getting for the time. Score, 6 to 5 for us.

In the sixth, with two men on bases, one of the heavy hitters of the visitors made a magnificent home run drive, adding three runs to the score.

Good stick work on the part of Cartwright and Twaddle brought in two runs for our boys in their half. Twaddle made a desperate effort for home, with a headlong slide, but was called out by the umpire. Score 9 to 7. Howard, the colored pitcher, had relieved Davidson in the box in the sixth.

The seventh resulted in a goose egg for Steubenville, and our local tossers added two runs to their credit by some nice ball playing and effective stick work, making the game a tie with the figures at 9 and 9, and the rooters rooting from all parts of Rootville.

In the eighth, Howard gave the first man up a slow drop ball, which

the heaviest hitter in the foreign nine hit square on the nose, a most awful thump, sending the batter all the way around, with lots of time to spare. The hit was a beauty. The next man up made a nice base hit. The third man at bat got three strikes and out, the baseman trying to steal second, but a splendid throw by Albright, a dead liner, killed him fully five feet from the desired haven. Side out on next three balls, called strikes.

Twaddle hit a little one to second; it was muffed and the batter reached first. Carey hit a hot one past short, going to second on the hit and sending Twaddle to third. The next man up sent out a dandy nice liner to left, went to second and sent two lovely runs over the home plate. Score on even innings 11 to 10 in favor of East Liverpool and everybody happy.

Howard hit a leaguer in the ribs and sent him to first. The next batter up sent a nice slow one to short, but McShane had gone to sleep for the time being and let it go by him. It should have been a double play, had Mac been watching the game, and would have meant victory for us. The golden opportunity was lost, however, and a run was finally scored, tying the game. East Liverpool was retired with a neat and speedy whitewash. Score 11 to 11.

Then came the fatal tenth inning. Space forbids particulars. It was a regular fusillade of cannon ball drives, and when the smoke of battle cleared away, seven awful runs were piled up.

East Liverpool failed to make connection, and the game ended with the score in favor of Steubenville, 18 to 11.

Albright played a magnificent game behind the bat. He dropped one little foul fly, simply because he was too sure of it. Aside from this, his work was superb, and his throwing to bases was beautiful to witness. He goes for everything within reach, and seems to delight in handling the very swiftest delivery. The leaguers have a healthy respect for his power of delivery to second base. Taken all in all, the home lads did splendidly, and we expect to see them make their mark in future games. They had tough customers to handle yesterday.

Addendum.
As a mere note of comment, managers of Young Men's Christian association club, be so kind as to call into service a 15-cent broom before your next game on the home grounds, and sweep a few inches of dirt and dust from the seats in the grand stand.

Railroad seats commanded much attention. 'Tis wonderful to note how eager some men are to see a game and fully as eager to avoid paying a single penny for the privilege.

There were a number of ladies present. The managers state that the grand stand will be nicely fixed up before the next game comes off.

Before the game was over there was a big assembly in the grand stand—came in free.

If a couple of kids were arrested and placed in the cooler, there would be no more balls stolen back of the grand stand. Two were stolen yesterday.

NO LIVERPOOL ASSIGNMENT.

Court Opens on Monday With Many Cases.

Special to NEWS REVIEW.

Lisbon, April 30.—The grand jury will be charged next Monday, and court will convene by an examination of the motion docket. The assignment is as follows:

Tuesday—Eagle Mutual Insurance company versus James McMillen; Chamberlain & Co. versus J. Lawton; J. W. Ogoo versus J. Ogoo; H. C. Walker versus G. McGillivray; Marie Pike versus W. H. Rudfill; D. A. Wilhelm versus A. C. Grise; Martha Gibson versus W. Moore; J. N. McCollough versus Henry Thorn; J. Dugan versus J. Bolen. Wednesday—J. McCollough versus Thomas Garlick; T. A. Ballow versus J. Sultner; Mable Coyle versus M. E. Greenmeyer; D. C. Hick versus M. E. Greenmeyer; S. B. Croinger versus J. M. Aten; Mary E. Allison versus East Liverpool; T. J. Riley versus East Liverpool; H. Michael versus C. Shoub; F. McCarty versus J. Hillard. Thursday—George Wise versus C. A. Thompson; Wolf & Son versus A. Reis; R. B. McCord versus the News Review Company. Friday—C. A. Eyerson versus C. Rich.

The Light Fantastic.

The dance given by the Waverly club in Bradshaw hall last night was one of the social successes of the season. About 40 couples were in attendance and enjoyed the dizzy maze until 2 o'clock this morning.

A number of East Liverpool people will go to Beaver Falls this evening to attend a reception given by Professor Evans' class.

The ladies of the Turners gave a private dance in Turner hall last night at which about 30 couples were present. The evening was one of rare enjoyment.

OPPOSED TO CHURCHES

A New Sect With a Peculiar Belief in Town.

HAVE NO FAITH IN PREACHERS

It is an East Liverpool Idea, and Converts Are Being Added to the Few Who Originated the Plan—They Think It a Sin to Belong to Church, and Are Doing Missionary Work.

The thousands of church going people in the city will stare with astonishment when they learn that a new sect, passing as Christians, yet fighting the churches, has appeared in the city.

The idea is the outgrowth of meditation and prayer upon the part of some people who have long been under the impression that they were very good. In reading the Bible they claim to have hit upon some portions which tell them that they sin when they attach themselves to a congregation, and in order to purify themselves, and get away from their evil ways, they are leaving the churches. One instance was cited by a minister who has been observing the growth of the movement today. In his church was a woman who had always been an earnest worker. She was in the eyes of her neighbors and friends an earnest Christian, trusting the Lord, and carrying her professions into her life. She knew some of the people who do not believe in churches, and they preached to her of their belief. An accident had happened to one of her children, and she began to believe this was a judgment upon her because she was a church member. In a few weeks she had turned the matter over in her mind so often that she could not get away from the thought, and asked the pastor to strike her name from the roll. The name was taken away, and the opponents of churches had gained another recruit. The belief has spread with more rapidity than was expected when the crusade was inaugurated, but it is thought that it will not meet with success for a much longer time. The professed requirements of these people who are too good to attend church is so great, and saint like Christians are so few, that the crusade, it is thought, will soon draw all who think that way from the churches, and there end.

The advocates of the innovation propose to keep themselves aloof from the regularly organized churches, and meet at their homes for the purpose of discussing their doctrine and holding services. When this was pointed out to a minister he laughed, and explained to the advocate that a church was not necessarily a building, but simply a communion of people who believe in the same doctrine; but the advocate could not see it that way. The history of the movement extends through several months, and shows four persons as the founders and prominent factors. They want to conduct their devotions without contact with people who sin, and desire to be free from the duties of financially sustaining preachers, janitors, and fuel and light companies. Apparently they are opposed to anything involving the expenditure of money for church work, and for this reason may succeed in obtaining a few more converts.

Several persons were heard discussing the question on the street today, and one of them named the new sect by styling them the "Church of the Holy Rollers."

THAT WASHINGTON SMELL.

Sanitary Policeman King Shows the Side of the Board.

When the News Review on Saturday last made known that Washington street residents were troubled with annoying smells, there was an objection as to the stated cause from Officer King.

This morning the officer pointed out what he believes to be the cause of the trouble as he and a reporter went over the ground. The sewer that passes under the railroad at the foot of Washington street was found to be half full of garbage while decaying matter lined its odoriferous sides to the river. There was some water, but not much. The officer claims that people dump garbage there at night, and he has offered to prosecute them if the residents who are annoyed will keep watch and designate the culprits. The city is too poor to afford a watchman for the river front. The sewer at Union street is also given as a cause of smell, as it empties near the shore, and the garbage does not float away. Decaying vegetable and animal matter coming down the stream in drift, and lodging against the boats, is given as another cause. All night soil is dumped from the end of Foster's float, where the authorities

say there is 15 feet of water. The barges make an eddy, but this is asserted to be nothing more than on the surface, and a strong undercurrent carries away the filth. The reporter detected no unusual smell on the float. The odor at the corner of Washington street is accounted for by the presence of a sewer on one side, a gutter on the other, and a stable where a number of horses are kept in the near vicinity. Officer King said that it would cost \$14,000 to build a crematory, and the price of the ground, something the city cannot now afford. Objection is made to dumping from other points on the river shore because of the difficulty in getting the wagon back, even though it should be empty.

Mr. Purinton said regarding the matter that the board would certainly find a remedy if there was any cause for complaint, but he thought there was no reason for the kick. If they were prohibited from using the river the only result would be a cost of 50 per cent more to the people whom the nightsoiler serves.

DISCUSSING PRICES.

Potters in Pittsburg Arranging to Meet Competition.

Messrs. Brunt, Louthan, Harker, Mountford, Goodwin, McClave, J. W. Vodrey, Colonel Taylor, F. W. Fowler and Frank H. Sebring, together with a number of other manufacturers are in Pittsburg today on an important mission.

The meeting of the white granite compact was listed for yesterday, but the members from other parts of the country did not arrive in time, and an informal talk was had in the Moonogahela House. Today they got down to business, and a reliable authority in the city says that the selling price of white granite is being reduced in order that the damaging inroads made by the importers be stopped. A Pittsburg paper stated this morning that the meeting was for the purpose of raising prices, but the News Review was assured that the plan was to make the discount more than it has been since the Wilson bill became a law. The owners are especially anxious to keep their plants in operation. Pittsburg has suffered severely, and the potteries there have felt the force of the tariff reduction more than in any other part of the country. It is generally understood that the Trenton people are anxious to see the price go down.

The C.C. and yellow ware men are also in session today, and expect to have their business transacted before evening. An adjustment of discounts was made with the wholesale association.

WOLF ON THE WARPATH.

Wucherer Addition Residents Angry Over His Actions.

Residents of Wucherer addition are angry to a boiling point over the actions of John Wolf, Sr., and if all statements be true, that individual should be severely punished by law.

The trouble, it is said, started with a fight between a little son of Wolf and a youngster of John Wucherer, Sr. During the battle Ralph Dawson, another small boy, interfered and acted as peacemaker to the evident dissatisfaction of young Wolf. The latter made a bee line for home and told his father that Dawson had whipped him. This aroused Wolf's ire, and it is claimed that he hunted up the inoffensive lad and knocked him down twice, and otherwise abused him. The residents of that neighborhood, who claim this is not Wolf's first offense of the kind, are urging young Dawson's parents to take the matter to law.

A DANGEROUS LOAD.

A Big Load of Nitro-Glycerine Went Down Today.

A little boat carrying a full flag was given a free right of way on the river this morning, and other crafts were careful not to get close to the decorated stranger. On the boat was stored a cargo of 1,700 pounds of explosive bound for the oil field near New Cumberland. The shipment is one of the largest in months, and shows the unusual activity in the territory down the river. It has been charged that boats carry explosives without the flag required by the regulations, but there could be no mistake about the identity of the craft this morning.

Orchard Owners Happy.

Farmers living in the country near the city say that they will have all the fruit they want this year. There was a time several weeks ago when they feared that only apples would be a good crop, but now they find all kinds of fruit trees blooming with profusion, and they say the blossoms are the right sort to produce fruit.

LAWS FOR WHEELMEN

What the Legislature of Ohio Has Done.

WILL BE ENFORCED HERE

Liverpool Riders Propose to Have All the Protection They Can Obtain—The Throwers of Tacks Upon Paved Streets Come Under the Statute, and Will Be Tenderly Cared For.

People who imagine that the wheelman is a nuisance and should not be allowed a place on earth will probably be surprised to learn that there are laws in Ohio for the protection of bicycle owners, and that arrangements are being made to have these laws enforced. The different sections as they appear in the statute books were passed a year ago last Saturday, and are as follows:

Section 6854a. Whoever wrongfully takes away any bicycle, tricycle or tandem bicycle from the home or lot of another person, or from any other place where any such bicycle, tricycle or tandem bicycle has been lawfully placed, with intent to injure or use such bicycle, tricycle or tandem bicycle, shall be fined not more than one hundred dollars or imprisoned not more than sixty days, or both.

Section 6854b. Whoever maliciously alters or defaces any number on, or removes any number-plate from any bicycle, tricycle or tandem bicycle the property of another, or who maliciously alters, defaces or removes any name placed on any bicycle, tricycle or tandem bicycle the property of another, shall be fined not more than fifty dollars or imprisoned not more than thirty days, or both.

Section 6854c. Whoever maliciously injures (or removes) the tire on any bicycle, tricycle or tandem bicycle, the property of another, either by puncturing, cutting, defacing or in any manner destroying any tire on any bicycle, tricycle or tandem bicycle, or who maliciously removes or destroys or defaces any part of any bicycle, tricycle or tandem bicycle the property of another, shall be fined not more than fifty dollars or imprisoned not more than thirty days, or both, provided that said bicycle, tricycle or tandem bicycle has been listed for taxation.

The section relating to the puncturing of tires is perhaps the most important of the lot, in fact it is the one which prominent wheelmen of the city proposed to have observed to the letter. Not long ago a lot of tacks were sprinkled along the paved streets for no other purpose than to annoy and do damage. Some people who were affected by the deed decided to have the perpetrators punished, but upon second thought let the matter rest determining to give them another chance. Since that time they have secured the law upon the subject, and are now ready to prosecute it to the letter if the deed is again attempted. These laws were passed at the earnest solicitation of the Ohio branch of the League of American Wheelmen, and the 3,000 members in the state are using their influence in all parts of Ohio to have them enforced. It is probable that the league will have a branch in this city before the summer is over as the advantages it offers are many and good.

TWELVE CHILDREN

All That George Seever's Is Required by Law to Keep.

When George Seever's comes before Mayor Gilbert he will be required to provide for only 12 children or suffer the penalty.

Mrs. Seever's laid in a complaint at city hall and then sought Humane Agent Lloyd. She poured a tale of woe into his unwilling ears, which savored strongly of family quarrels. Seever's is a cooper by trade and employed in Williams' cooper shop. The family consists of 12 children beside himself and wife, and he may have an interesting story to tell when arrested. They reside in the Farmer block, Second street.

Another Farmer Assigned.

Special to NEWS REVIEW.

Lisbon, April 30.—Farmers in this county have not escaped the hard times, another deed of assignment having been filed here today. The unfortunate individual is Charles Goddard, of Wayne township. Anthony Rice is the assignee.

Last evening Mary P. Croft, of East Liverpool, was adjudged insane, and application was made for her admission to the Cleveland asylum.

Will See the Game.

A number of base ball enthusiasts from this city will see the ball game in Pittsburg tomorrow when the Pirates play their first game of the season on the home grounds.

EAST LIVERPOOL, O., TUESDAY, APRIL 30.

For President,
WILLIAM McKINLEY,
OF OHIO.

The mere fact that Europe is
crowding American markets with
manufactured articles every day in
every week is ample proof that the
tariff will figure prominently in the
next campaign.

The plan of Mr. Bostwick for the
disposal of garbage is nothing if not
unique, and East Liverpool would be
benefited if the public could see the
troublesome question in the same
light. The only safe method of de-
stroying garbage is to burn it. There
are no serious results from smoke.

PRESIDENT CLEVELAND is having a
hard time of it. For some unac-
countable reason he cannot make his
party bend under the hand that has
so often brought it to the path of his
thinking with a sharp turn. He can
not induce himself to believe that he
is in danger of losing his grip as the
leader of Democracy.

"NOVELS or poems," says a writer in
the May Forum, "without conun-
drums, without psychological problems,
with no sexual theorems to solve, with
no unique idiosyncrasies to fathom,
without anything unnatural or sick-
ening, without hospital nastinesses—
are all, we are assured, unworthy the
notice of the youth of either sex
who are really up to date. In the
style of the new phonographic and
clinical school of art, the saying and
doing of wholesome men and women
who live in drawing-rooms and regu-
larly dress before dinner are 'heavily
rot,' and fit for no one but children
and old maids."

A BILL OF EXPENSE.

The condition of several thousand
idle men in the Columbus peniten-
tiary is attracting wide spread atten-
tion in the state, and not without
just cause. The law compelling the
labeling of all prison made articles is
the foundation of the trouble, and as
there seems no remedy in sight the
state is paying the bill, and the pris-
oners are suffering the torture. It has
been the plan at Columbus to make
the criminals of Ohio pay for their in-
carceration. They have in the past
been made to do an honest day's work
while living an honest life, and few
have left the institution without hav-
ing served their time in some distinct
branch of work. Consequently they
have been able to look after them-
selves when their liberty was restored,
and some have never returned to their
wicked ways. It is not so now. They
are crowded together in what they
call idle rooms, and their lives are a
burden. Some have been unable to
stand the strain, and have become in-
sane. Others have ceased to find
places on the roll of honor, and have
broken the rules. Another class have
shown a disposition to revolt, and a
few have been behaving themselves
as well as possible. Thus it can be
seen that a great penal institution is
not a success without constant em-
ployment for the prisoners. They are
made an expense to the taxpayers, and
a burden to themselves for their lot in
idleness as torture where steady em-
ployment would be a delight. It is
plain that something must be done.
The state cannot endure the cost, and
the prisoners can not stand out
against idleness. It is as unjust to the
lawbreaker as it is to the taxpayer.
There is a remedy, and the next legis-
lature will fail in doing its duty if it
does not find it.

Bucklen's Arnica Salve.

The best salve in the world for cuts,
bruises, sores, ulcers, salt rheum,
fever sores, tetter, chapped hands,
chilblains, corns, and all skin
eruptions, and positively cures piles,
or no pay required. It is guaranteed
to give perfect satisfaction or money
refunded. Price 25 cents per box. For
sale by Potts.

READY TO COMPROMISE

Nicaragua and England Are
Considering Terms.

THE UNITED STATES IN THE DEAL.

The Nicaraguan Minister at Washington
Made the Proposition—His Country Will
Pay an Indemnity—British to Evacuate
Corinto in Case of Agreement.

MANAGUA, April 30.—A proposition
of compromise and immediate evacua-
tion of Corinto by the British is now
under consideration between Washing-
ton, London and the authorities here.
The proposition embraces the following
essential points:

First—Nicaragua is to pay \$77,500 at
London within two weeks.

Second—The British forces are to be
immediately withdrawn from Corinto,
without waiting for the two weeks to
elapse.

Third—A mixed commission of arbi-
tration is to pass on the demands of
Great Britain in excess of the \$77,500
claim, such commission to be consti-
tuted in a manner satisfactory to the
United States and Nicaragua. The
proposed term, it is believed, will be
accepted by President Zelaya and his
cabinet. It is understood that the sug-
gestion of settlement came from the
Nicaraguan representative at Washing-
ton, and it is believed that such an ad-
justment would be agreeable to the
United States authorities. If Nicara-
gua's acceptance is given the proposi-
tion will be urged on the London foreign
office, and it is believed they will be ac-
cepted.

HERBERT SENDS WARSHIPS.

U. S. Vessels Ordered to Nicaragua.
Warner Miller Suggests It.

WASHINGTON, April 30.—The U. S. S.
Atlanta has been ordered to leave Ad-
miral Mende's squadron at Key West
and sail for Greytown, the eastern end
of the Nicaraguan canal. The Mont-
gomery has been ordered from Mobile
to Greytown and to take the Nicara-
guan canal commission there. The
Alert has been ordered to the western
coast.

Secretary Herbert explained briefly
the meaning of these orders. He said
that the movements of the ships had
absolutely nothing to do with the pre-
sent occupation of Corinto by the British,
that being a matter to settle be-
tween the Nicaraguans and British.
The real purpose of the orders was to
guard American interests in Nicaragua
against the consequences of a possible
revolution which may result from the
disturbed condition of the country.
Being asked what measure of protec-
tion the Nicaraguan commission would
receive in the pursuance of its work of
inspection along the line of the canal,
the secretary said the Montgomery
would remain at Greytown while the
commission was at the interior, and
with two ships on one side and one on
the other there would surely be force
enough to protect the commission and
all other American interests that would
be endangered by the revolution.

The action by Secretary Herbert may
be attributed to the visit to Washing-
ton of ex-Senator Warner Miller of the
Nicaragua Canal company, and of some
reports made by him on the basis of
private reports as to the real condition
of affairs in Nicaragua, and to those
coming to the Nicaraguan minister di-
rectly. Certainly the character of the
United States vessels, which have been
ordered to Nicaragua, is a sufficient evi-
dence that Secretary Herbert does not
expect them to come into hostile con-
flict with the British ships, for if it came
to that, the small cruisers Atlanta and
Montgomery would find themselves op-
posed by the whole British West India
squadron, while on the Pacific side the
old corvette Alert will be left single-
handed against the British Royal
Arthur, Wild Swan and Satellite.

In the conferences which ex-Senator
Warner Miller of the Nicaragua Canal
company had with Secretary Gresham
and other cabinet officers he presented
a very strong case on the urgency of the
situation, and the menace to American
control of the canal. He brought out
clearly the fact that the British threat-
ened to go to Greytown and to San Juan
Del Sur, the two important points on
the Atlantic and Pacific ends of the
canal. The cabinet officers were im-
pressed with Mr. Miller's statement of
the case, and one of them characterized
it as the strongest presentation thus far
made. It was soon after this that the
orders to the American war vessels were
issued.

Mr. Miller said to your correspond-
ent that the canal company was very
much interested in events in Nicaragua.
The occupation of Corinto by the Brit-

by Thos. L. Potts.

ish troops does not necessarily affect
the company in itself, but it may lead
indirectly to serious results. The revo-
lution which has been threatened as a
result of British occupation may dis-
turb the canal company by preventing
work upon surveys and building opera-
tions, and the possible destruction of its
property. The company, he said, wanted
protection to its interests, if not from
the Nicaraguan government, then from
the outside. The concessions of the
company were safe, being from a de
facto government, but the line of the
canal was not. He also said that the
concessions entitled the entire line of
the canal to protection, but an uncon-
trollable revolution might result in de-
struction of property by irresistible
persons. Mr. Miller said he had called
the attention of the state department to
the necessity for protection to the com-
mission that is soon to leave for Nicara-
gua for the purpose of making an ex-
amination of the route of the canal.

He says that it will be very danger-
ous, in case of revolutionary distur-
bances, for an unprotected party to make
a trip over the line of the canal. The
commission being under the direction
of the state department it will, of
course, be necessary for that depart-
ment to ask the navy department for
an armed force in case such a force is
deemed necessary. Mr. Miller urged
upon both Secretary Gresham and Sec-
retary Herbert the necessity of such
protection to the engineers' commission,
and also indicated that as United States
citizens were so largely interested in the
canal and its property that in case of
revolutionary disturbances the United
States should not depend upon the Nicara-
guan government to protect the
property. Mr. Miller said that Nicara-
gua had been tranquil up to two years
ago, but the revolution at that time had
disturbed affairs there, and since then
they had been in an unsettled condi-
tion.

Mr. Miller said that the canal com-
pany desires to afford every opportunity
for the United States commission to
make a thorough examination of the
canal. The engineers in charge would
offer the commission every facility, and
he expected that the chief engineer, Mr.
Menocal, would accompany the com-
mission over the route of the canal.

While there have been many wild
rumors flying about the city, touching
the state of affairs at Corinto, some to
the effect that the difficulty had been
patched up, and that the British had
withdrawn on the basis of a submis-
sion of the British claim to arbitration,
and others to show that the British had
extended their original programme so
as now to include the dispatch of a fleet
of warships to collect a debt owing by
Honduras, it appears that none of

WARNER MILLER.

them have any real basis, or at least
they failed to attract the interest of the
state department, which evidently looks
upon the possibility of a revolution in
Nicaragua, as the phase of the case
possessing great importance just now,
and which it regards as the absolutely
essential one to provide against, so far
as it threatens American interests,
among which, of course, are included
those of the Nicaragua canal.

The story of a contemplated onslaught
on Honduras is regarded as absurd, as
there is no justification for any such
action. If the British have any claims
against the country, they certainly do
not grow out of the insult offered to a
British official, on which Great Britain
has made the issue in the Nicaraguan
case, and if there be any claims for ill-
treatment of individuals, they would
first be pressed by ordinary diplomatic
courses before they are made the basis
of a naval demonstration. So far as the
rumors of arbitration are concerned, the
state department does not credit the
story, but that it expects a settlement
of the trouble between Great Britain
and Nicaragua in a short time is evi-
denced by the fact that they still ex-
press confidence in the payment of the
indemnity.

ARMOUR LOSING MONEY.

A Report Made to the Secretary of Agri-
culture.

WASHINGTON, April 30.—Mr. E. J.
Martyn of Armour & Co., Chicago, has
submitted to the secretary of agricul-
ture a sworn statement of the profits
and losses of Armour & Co.'s beef
slaughtering business for the past six-
teen months. It consists of four ex-
hibits. The first shows the results on
421,720 cattle slaughtered and marketed
during the year ending Nov. 3, 1894.
The loss given for the year is \$73,230, or
17 4-10 cents per head.

The second exhibit shows the results on
54,344 cattle during November and
December, 1894. The total loss is placed
at \$9,118, or loss per head of 16 7-10
cents.

The third abstract gives the results on
56,948 cattle slaughtered and marketed
during January and February of the
present year. The total profit was
\$25,726, or 43 18 cents per head.

(The last abstract shows the results on
44,392 cattle slaughtered and marketed
during the period from Feb. 25 to April
20, last. The net gain was \$9,389, or 21
cents per head.

ILLINOIS DEMOCRATS DECLARE FOR SILVER.

LOUISVILLE, Ill., April 30.—At the
Clay county Democratic convention,
composed of the best business men and
farmers of the party in this county,
resolutions were unanimously adopted
denouncing the demonetization of silver
in 1873 as a crime and demanding its
immediate restoration at the ratio of 16
to 1, and strongly indorsing the state
committee's action in calling the state
convention.

One Woman Murders Another.

BRISTOL, Tenn., April 30.—Mrs.
Martha Wallen of Blackwater, Lee
county, Va., stabbed Mrs. Lane Wallace
to death with a pitchfork. The murder
was the outcome of jealousy on the part
of Mrs. Wallen, whose husband appears
to have been paying too much attention
to the murdered woman. Her husband
has fled the country.

To Investigate a Bribery Charge.

CARROLLTON, Mo., April 30.—Judge
Tucker of the circuit court has ordered
a special grand jury, for the purpose of
investigating the charge of bribery of
the jury in the Taylor murder case. It
is also intimated that several witnesses
will be indicted for perjury in the
case.

Bomb Exploded at a Church.

BRUSSELS, April 30.—A bomb has
been exploded in the doorway of the
church belonging to the Missionaries' con-
vent. The door was blown to pieces.

A Word to the
Wise.

Don't purchase a Bicycle until you
see the Cleveland Swell. If you are
going to invest as much as \$125 for a
wheel, you can have the best: I mean
the best in the world. There is only
one best: it is the Cleveland Swell.
Sid Black, the world famous trick
rider, uses the Cleveland No. 18 \$100
Design. It is a beauty and its strength
has been well proven to the people of
East Liverpool by Mr. Black in his
performance at the rink. Don't be so
foolish as to purchase a bicycle before
you have seen the Cleveland. I also
sell the Hoffman, Imperial and Spal-
ding for \$100; the Crendenda for \$75;
the Crescent and Featherstone wheels
as low as \$20; the best for the money.
See the ladies' wheels for \$40, \$50 and
\$60. All wheels sold by me are abso-
lutely guaranteed. I will keep them
in repair for one year. Call at my
place for bicycles, sundries, etc.

IN RIOT IN CHICAGO.

Union Men Attack Non-Union Coal Heavers.

THREE MEN WERE INJURED.

The Trouble Caused by a Coal Company Trying to Cut the Rate From 12 to 8 Cents—Other Firms Will Do Likewise. More Trouble Feared.

CHICAGO, April 30.—A reduction from 12 to 8 cents a ton for heating coal brought on a lively riot at the docks of the Richardson coal company. Three men were injured, none of them seriously hurt, however, and it required the presence of 20 officers to quell the disturbance. The injured were: Police Officer Henry Streeter, knocked down, kicked about the head and body, receiving many severe cuts and bruises; Lawrence Vent, coal heaver, badly pounded with a club; unknown bystander, knocked down and badly hurt. It was the first day of the coal heating season, and before work began on their first barge the Richardson company the old rate of 12 cents, but would cut the rate to 8 cents. The union men refused to accept the cut and the work proceeded with non-union men. Three hundred union men marched to the dock and demanded that the non-union men stop their work. They refused and the mob at once attacked them. The company had anticipated trouble and had secured the detail of four policemen to protect their men. Several of the crowd managed to get in the rear of Officer Streeter and, making a rush on him, threw him down and proceeded to kick him about the head and body. They, in spite of the efforts of the other officers, drove all the workmen away from the docks and compelled work to cease for about an hour. The three officers seeing that they were unable to make any headway against the mob, sent word to the Rawson street police station for assistance, and in a few minutes 20 officers under Captain Koch arrived at the scene. They quickly drove back the crowd, but were compelled to fire several shots in the air to cow the strikers. A small detail was then left to guard the dock, and the work progressed without further interruption. The Richardson company declared that it reduced the rate because the men could make \$4 a day at 8 cents a ton, and they thought that under the present conditions of business, that was enough for them to pay. Several other coal firms have declared that they will not pay more than 8 cents, and more trouble is looked for when the coal season is fairly on.

A CASHIER MISSING.
Evidences of Murder Found, Which Are Doubtful.

SAN FRANCISCO, April 30.—C. S. Smith, cashier and bookkeeper for L. W. McGlaughlin & Co., wheat brokers, who managed the late Senator Fair's big wheat deal, is missing under peculiar circumstances. A sergeant sent to McGlaughlin's office found several excited persons, including Mrs. Smith and her parents, who insisted that the cashier had been murdered. The office was in disorder, books and papers scattered around the floor, Smith's hat, coat and vest, spotted with blood. For hours the police searched the building for Smith's dead body, but no trace of it or evidence of murder could be found. Fifty dollars left in the cash drawer discredited the theory of robbery. One of the firm's books is missing. An expert is now examining Smith's books. The janitor of the building says that he and Smith were partners in stock speculations, the stocks standing in the janitor's name, that Smith's employers might not know of his investments. A few days ago Smith insisted on selling the stock, threatening the janitor and forcing his compliance at the point of a pistol. Smith took all the proceeds, \$3,000, saying that he needed it to make up a shortage in his accounts, that the books would be brought into court in connection with the Fair will case and the shortage discovered.

DID HE WRITE TRILBY?

A Denver Court Raises the Question of Du Maurier's Authorship.

DENVER, April 30.—Did Du Maurier write "Trilby"? This sensational question was propounded in the federal court in good faith when the suit of Harper Bros. and A. M. Palmer for an injunction against the Lyceum Stock company, to restrain the production of "Trilby," was called. The defendants allege that the book "Trilby" was not originated, invented or written by Artist Du Maurier. They assert that the original title and book of "Trilby" was first published in France in 1820 and that the book has been common property for 75 years. The attorneys for the plaintiffs asked for time to communicate with their clients in New York as to their case and the court postponed the hearing until tomorrow morning.

TAKEN TO CLEVELAND.

Attorney Michener Goes There For a Hearing—Sensation Expected.

CANTON, O., April 30.—J. B. Michener, the attorney arrested for passing spurious coin, has been taken to Cleveland for a hearing in the federal court. Deputy United States Marshal Hiland, who was refused the prisoner by the Massillon mayor, renewed his request to the prosecuting attorney here, and it was allowed. The preliminary hearing is set for tomorrow, and Michener will not attempt to give bond before that time. B. F. Burkhardt, arrested on suspicion of being an accomplice of Michener, was discharged, there not being sufficient evidence to hold him.

It developed that James Stackhouse, a resident deputy United States marshal, has had an inkling of some spurious coin work in progress in Canton for several weeks, and last week sought the advice of attorneys on how to clinch his case. He did not mention either of the persons arrested, but said the scheme was backed by wealthy and influential people. His idea was that the queer money was being made in Canton. He lamented the arrest made by the local police force, and expressed fears that it would frustrate a neat capture.

The assets of Michener, covered by the assignment, amounts to about \$25,000, mostly real estate, and under the circumstances it is doubtful if the estate will prove solvent. The heaviest creditors are Clara and Mary Wiedel, of whom Michener was guardian, for \$12,000. The court has been urging a settlement in their case. Michener was generally considered well fixed financially, and could have well thought of generally, stood high in lodge circles, holding a high office, and until recently was a Democratic leader in politics, with aspirations for the mayoralty. If clues now being worked on come to light a big sensation in high circles will be developed.

Ohio Telephone Association.

COLUMBUS, April 30.—The Ohio Telephone association has been organized here by representatives of independent telephone companies which have been organizing nearly all of the large towns in the state in opposition to existing companies. The purpose is to co-operate in unity, if possible, with all towns in the state by the telephone lines. The officers are: President, James M. Thomas, Chillicothe; vice presidents—Charles Parrott, Columbus; Jason Blackford, Findlay; H. D. Crichtfield, Mt. Vernon; secretary, James K. Hamill, Newark; treasurer, Newton Legitt, Marysville; executive committee—George W. Sinks, Columbus; F. L. Beam, Mt. Vernon; H. H. Weller, Tiffin; Jerome Penn, Washington C. H.; and L. P. Wise of Delaware.

Secret Conference of Finishers.

CLEVELAND, April 30.—A secret meeting of representatives of several lodges of Finishers' Union of Iron and Steelworkers was held here last night, at which a resolution was adopted in favor of maintaining the organization and denying the report that the finishers were going to consolidate with the Amalgamated association. In spite of this action it is asserted by prominent members of the Amalgamated association that while the finishers are not coming to them as an organization many of the members of the union are joining the Amalgamated.

Smallpox in Cleveland.

CLEVELAND, April 30.—New smallpox cases are being almost daily reported in the vicinity of the woolen mills, where the plague first broke out. It has been decided, as a precautionary measure, to burn a house where five cases developed in one family. Scholars attending the public schools in the vicinity are being vaccinated rapidly as possible.

Because Charged With 45 Crimes.

CLEVELAND, April 30.—The body of a man about 45 years old has been found floating in the river. From a letter found on the body it was learned that the man's name was Joseph Lehman, 45 years old, and that he had committed suicide, because, as he stated, he had been hounded and charged with 45 crimes of which he was innocent.

The Youngstown Strike Ended.

YOUNGSTOWN, O., April 30.—The strike declared by the puddlers at the mills of Andrew Bros. & Co., at Hazlet, five weeks ago, in which the finishers joined a week later, after seceding from the Finishers' union, has been declared off by the men, who made an unconditional surrender.

Struck a Great Gasser.

BELLAIRE, O., April 30.—The well on the Thornberry farm, near Jerusalem, Monroe county, has been drilled into the sand and a flow of natural gas struck which measures a 600-pound pressure. It can be heard roaring for miles.

To Engage in a Telephone War.

FORT WAYNE, April 30.—It is learned here that Mr. G. W. Beers has left for Columbus to join with all the Ohio telephone plants, to make war against the Central Union and Bell Telephone companies. This will have the effect of a concentrated attack upon the old companies, which are now suffering in all the smaller cities and towns in Ohio, Indiana and Illinois by reason of the opposition of new companies. Mr. Beers will represent five companies in the combination.

Arraigned For Another Murder.

SAN FRANCISCO, April 30.—Theodore Durant was arraigned in the police court on a charge of murder for the killing of Blanche Lamont. The defendant conducted himself with his usual stoicism, and after the formal proceedings had a long consultation with his attorneys. He complains bitterly, however, that the public is disposed to be prejudiced against him.

A Free Silver Declaration.

JACKSONVILLE, Ills., April 30.—The Morgan county Democratic convention unanimously adopted a resolution prepared by Chairman Heinrichsen, demanding the state central committee, demanding the free and unlimited coinage of silver at 16 to 1, without waiting for the permission or action of any foreign government.

Rev. Father Ward Dead.

WASHINGTON, April 30.—The Rev. Father Ward, spiritual adviser at Georgetown college, has died here, aged 80 years.

JAPAN IS ALARMED.

The National Celebration Tuesday Was Postponed.

ANOTHER MASSACRE EXPECTED.

The Japs Trying to Keep Foreign Warships Away From the Recently Captured Pescadore Islands—A British Warship Will Investigate the Matter.

LONDON, April 30.—The Times today publishes a dispatch from Kobe, saying that the Russian and German ministers have left Tokio for Kobe. The dispatch adds that it is supposed they intend to seek an interview with Count Ito, the president of the Japanese council of

THE MIKADO.

ministers, and with Viscount Matsui, the Japanese minister of foreign affairs. The French minister is also expected here at the same time.

The mikado has arrived at Yokota from Hiroshima. The Times correspondent, in conclusion, says: "I learn officially that Tuesday's grand celebration of the eleven hundredth anniversary of the founding of Yokota has been postponed, ostensibly on account of the illness of the mikado. Evidently the situation is grave."

The Times also publishes the following dispatch from its correspondent at Hongkong: "A British warship will visit the Pescadore islands, which are at present in the hands of the Japanese. It is supposed that the Japanese wish to hide the massacre of the Chinese garrison there, because they have shown anxiety to prevent foreign warships from landing since the capture of the islands."

NEW SPANISH MINISTER.

He Calls on Gresham—May See the President Tomorrow.

WASHINGTON, April 30.—Senator Dupuy De Lome, the new Spanish minister, has made his first visit to the state department and saw Secretary Gresham for a few minutes. Although definite arrangements have not been made for

SENOR ENRIQUE DUPUY DE LOME.

the presentation of the new minister to the president, it is expected that it will occur tomorrow.

The new minister is a very noted diplomat in Spain and has been minister to this country before. He is personally very acceptable to the officials in this city.

Prince Colonna and Wife Separated.

LONDON, April 30.—According to a current report Prince Ferdinand Colonna, the husband of the stepdaughter of Mr. John W. Mackay, has stated that after repeated overtures from his wife's side he had accepted the terms of an amicable separation, which would be granted by the court in Naples.

A Kansas City Failure.

KANSAS CITY, April 30.—Lloyd, Latz & Thompson, retail drygoods merchants at Tenth and Main, have filed two deeds of trust with Charles B. Adams. The assets are estimated at \$100,000. Liabilities, \$50,000. Poor business and slow collections are assigned as the cause for the failure.

Victims of an Incendiary Fire.

MILFORD, Conn., April 30.—The barn of John Cuyler, two miles from here, was destroyed by fire, believed to have been of incendiary origin. Emil Furrer, a farmer, and Jacob Katte of New Milford, both of whom slept in the barn, were burned to death.

For a Monument to Monroe.

WASHINGTON, April 30.—Advice received at the Venezuelan legation state that a popular subscription has been opened at Caracas for the statue of President Monroe, which is to commemorate the Monroe doctrine.

He Is Now Viscount Peel.

LONDON, April 30.—The Rt. Hon. Arthur Wellesley Peel, ex-speaker of the house of commons, who was raised to the peerage on April 22 with the title of viscount, takes the title of Viscount Peel.

Mine Drivers on a Strike.

WILKESBARRE, April 30.—The drivers employed at Red Ash colliery have gone on a strike for an increase of wages. The mine is idle in consequence, 500 hands being out.

LOCAL BREVITIES.

Rev. C. W. Huffer and Jase Rowe left this morning for a day's fishing in Smith's Ferry.

The clay shops at Sebring's yesterday were idle owing to a break in the engine, which compelled a partial shutdown of the works.

It is thought that there will be no assignment of Liverpool cases for the May term of court. The innovation, say the Lisbon people, was not well received here during the February term and there will be no more of them.

All the victims of the recent run away accidents are recovering nicely. Treasurer Cameron was not nearly so badly hurt as some sensational sheets tried to picture him, and his friends will be pleased to learn that he is rapidly recovering.

Arthur Reese and Thomas Joyce, two miners from Washington county, Pa., were in town yesterday soliciting aid for their fellow workmen. They have worked only eight days this year, and are in a deplorable condition. They succeeded in collecting a neat sum of money.

When the ball game was in progress yesterday afternoon a crowd of young hoodlums surrounded a Steubenville player, and amused themselves by pelting him with pieces of sod. The crowd became so demonstrative that Officer Jennings was compelled to stop their outrageous conduct.

A team of black horses belonging to J. D. West was being hitched to a carriage this morning, when the driver left them and they took advantage of their freedom by running away. An exciting chase ensued, the animals being followed until Walter's livery barn was reached. No damage was done.

A party made up of a dozen people went to Wellsville yesterday afternoon to witness the immersion of a number of converts to the doctrine dispensed at the Floating Bethel. They were supporters of the Bethel when the boat was moored at this place. The evangelists are having great success among the wicked of our neighbor.

Biddy Blakeley, the young man upon whom the dastardly attack was made by Buzz Allison, as detailed exclusively in the News Review last night, has almost entirely recovered from the effects of the blow he received, although his head is still sore. He will push the case against Allison should the police succeed in catching the slippery Buzz.

The young lady who appeared with the Peter Maher company as May Rhea is said to be a good singer on ordinary occasions, and her poor singing here was due to the fact that she received a telegram shortly before going on the stage to the effect that her little baby was dying in New York city. Consequently the mother had little heart to sing.

After some one has been killed or seriously injured in the Diamond the general public will begin to understand that they can not cross that open space without looking for danger in the form of teams. Late yesterday afternoon a little tot was almost run down by a farmer's team, and was only saved by its mother. The two were crossing the Diamond, but failed to see the horses until the last moment, the child being almost under their feet before the mother saw its danger.

There has been trouble in the East End school, but all the rough edges have been smoothed down, the differences have been settled, and the school authorities will say nothing about it. The story is that one of the teachers was charged with being inefficient or deliberately failed to do her duty, and so much dissatisfaction was expressed by some parents that the matter was reported to Superintendent Sanor. It is said that the young lady has consolation in the fact that only an angel can please all mankind.

John Burns was the only prisoner in the city jail last night, and reclines on one of the elegant mahogany sofas today because of imbibing too much. John was released only a short time ago, and evidently thought that when there was no work there was no excuse for staying about city hall. So he invented the most pleasant excuse, that of getting drunk. Officer Jennings and Earle found him in a hilarious condition and ran him in. He may get a workhouse sentence, although the workhouse seems to have no terrors for him.

If base ball games are to be played in the West End this year that old grand stand should be cleaned. It was so dirty yesterday that ladies were greatly inconvenienced. Another nuisance was the amount of profanity and vulgarity from the lips of boys who should have been soundly spanked for their iniquity, and still another is found in the youths who carry long clubs, and pound vigorously on the seats when the people cheer. This is a nuisance, and the Young Men's Christian association must put an end to it if they want substantial support. The public will not endure such annoyances without a protest.

The Crosser-Ogilvie Co.

Wrappers and Tea Gowns.

The time is here when you will want a nice thin dress for your morning work. Don't go and buy calico and worry a day or so to make a wrapper when you can step into our store and have one made, and guaranteed to fit, for the same money your calico would cost. Have you examined our line of Irish Lawn and Dimity Tea Gowns, nicely trimmed with lace, and made with more style and fit to them than you could have if you would have them made at home?

Shirt Waists.

People tell us that we have the Shirt Waists of the town. Can you find Shirt Waists at 50c in other stores with all the advantages that ours have? Look at the points: The sleeves are just as large as the \$1.00 ones; they have the yoke back, the link cuffs, and we take the same time in fitting on one of these waists as we do the finest silk waist in our stock.

White Goods and Embroideries

It will soon be Decoration Day. You will need white goods. Just take a look in our basement, and if we cannot sell you your white goods, embroideries and laces it will not be our fault.

Dress Goods

Don't think you can get along without a new Spring Dress. You may be able to skimp along part of the summer but you will find out that before July comes you will be compelled to have something new, and by that time all the nice things will have been picked up. Come while the stock is fresh and the selection good.

The Crosser-Ogilvie Co.

ELEGANT - WALL - PAPER.

Where to Purchase.

Best Goods. Moderate Prices.

You have been looking over your home or place of residence. You find that the rooms are sadly in need of papering and kindred decorations. Of course you want your home to look bright and pleasant, and it cannot look so with dingy and dismal or dirty paper. You will do well, then, to call at once on

J. M. M'DOLE,
267 BROADWAY.

He has a magnificent stock of Wall Papers, embracing everything common to the business, from the cheapest to the very best manufactured. There is nothing in this line but what McDole can furnish you, including all decorations, such as paper for walls, ceilings, borders and mouldings.

Prepared Paints, Lead and Oil.

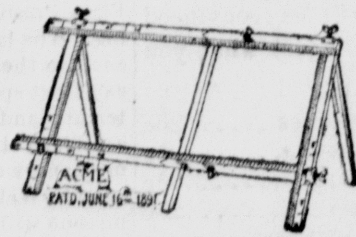

Best goods manufactured, in quarts, gallons, or any quantity desired. You will get first-class goods and save money by calling on

J. M. McDOLE,
267 Broadway, East Liverpool, O.

COLUMBIA CRANKS CANNOT WORK LOOSE.

The ideal method of constructing and combining crank shaft and crank in '95 Columbias does away with all keys and like devices for attaching the crank to the shaft, gives extreme narrowness of tread without sacrificing strength or diminishing distance between bearings, and is exceedingly simple and durable.

PLACE YOUR ORDER EARLY.

Acme Curtain Stretchers
ARE THE BEST.

EVERY YARD A FURNACE

A New Plan For Disposing of
Garbage.

THE COST WOULD BE SMALL

Manager F. H. Bostwick, of the Electric
Light Company, Makes a Good Suggestion
—A Little Labor and Some Natural
Gas Would Settle the Vexed Question
Forever.

Plans for the disposal of garbage
have been many and varied since East
Liverpool became so large that the
question was forcibly thrust upon the
authorities, but there never was a
more simple or economic idea ad-
vanced than a NEWS REVIEW man
heard from the lips of F. H. Bostwick
yesterday afternoon.

Mr. Bostwick is the new manager of
the light plant, and his experience as
an electrical engineer has taught him
to keep his eyes wide open, thus per-
mitting him to see the thousand and
one little things which are never ob-
served by the great mass of humanity.
In conversation Mr. Bostwick re-
marked that the garbage question
should not be a serious matter, and
said:

"It is my opinion that this garbage
matter can be settled to the satisfac-
tion of every family in the city, and
every family will settle it for them-
selves. Natural gas is so cheap here
that those who want it can have it,
and right there is the strong point in
my observation. What is to pre-
vent the extension of a gas pipe into
the back yard? That would not
cost a fortune. What is there to pre-
vent the property-owner or the man
who rents the house from digging a
hole a few feet deep in the back yard?
Extend the pipe to the hole, put a
burner in place, and you have a mini-
ature garbage furnace. It would re-
quire only a little trouble for the
housewife to carry the refuse matter
into the back yard, light the gas, and
then put the garbage into the hole,
and it will be consumed in a very few
minutes. By this method the cost
would be so divided that few people
would feel it, and the furnaces would
be so scattered that there could be no
injurious effects. The amount of gas
required to consume the daily accumu-
lation of garbage in the largest
household in town would be small,
and the expense proportionately low.
I see no reason why the river bank
should be covered with the offscour-
ings of the city and the water polluted
for the benefit of towns south of us
when there is the natural gas pressure
that is in Liverpool.

"Another phase of the matter comes
in a garbage furnace that will ac-
commodate the entire city. It could
be built on the side of any of the hills,
and teams could drive to the top of it
while the refuse matter could easily
be dumped into the furnace without
the expense of handling with shovels.
As far as that point is concerned a
sheet iron chute could lead from the
unloading place to the furnace, and
the dumping would be a small matter.
The cost of burning would be small
provided natural gas was the fuel.
Enough gas is consumed every day by
the burner near the city hall to
answer every purpose of an ordinary
garbage furnace. If the city could
arrange to have that supply turned to
some good use instead of wasting it
as at present, the authorities could
find no better place than a garbage
furnace. The plant would not cost a
great deal to build, and the expense
of operating it would be small."

The suggestion made by Mr. Bostwick
seems practicable, and might be
put into effect by the health authori-
ties. It is evident that the garbage
question must soon be settled, and
plans that are more than combinations
of word will prove valuable. The NEWS
REVIEW has gathered the opinions of
a number of residents, but beyond the
idea advanced by Mr. Bostwick was
unable to obtain any definite plan, al-
though all believe that the city should
have a furnace.

A Lecture.

Mrs. Davore, an Alaskan mis-
sionary, will deliver a lecture in the
First Presbyterian church this even-
ing. The lady has had much experi-
ence in the northwest, and being an
excellent speaker has the power to en-
tertain and instruct. The lecture is
especially interesting because of the
missionary convention that is to con-
vene in Wellsville tomorrow. No ad-
mission will be charge at the church
this evening.

Going to California.

Miss Nannie Thompson, a well-
known young lady, will leave Thurs-
day morning for Los Angeles, Cal.,
where she expects to recover lost
health. The young lady has been stay-
ing at the home of Contractor Sargeant
near Riverview cemetery.

Business Not Rushing.

The East End pottery is not doing a
rushing business these days by any
means and the shut downs are fre-
quent. The last vestige of trouble
among the stockholders has not yet
been removed.

PERSONAL MENTION.

—A. W. King was in Salineville on
business today.

—W. J. Harvey was a Steubenville
business visitor today.

—H. W. Adams went to Brilliant on
business this morning.

—Miss Aggie Owen, returned to her
home in East Palestine today.

—Mrs. Henry Goodwin left yester-
day for a visit with friends in Steu-
benville.

—Edward Aley and Enoch Bourne
returned yesterday from a visit to
Cleveland.

—Ted Wollcraft is preparing for a
visit to England. He will leave in a
few weeks.

—E. D. Marshall, Ferd Oschmann
and Dr. J. N. Saint were among the
downriver business visitors today.

Foreclosed the Mortgage.

William McLean, in Squire Morley's
court, foreclosed a mortgage on some
of the household goods of Mrs. Wil-
liam Bashor, for a debt of \$20. This
is one of the results of Mr. and Mrs.
Bashor's separation. Friends thought
they had effected a reconciliation
when the couple agreed on Thursday
night to live as husband and wife
should but they quarrelled Saturday
night and went their separate ways.

The case did not come to trial at 1
o'clock today and an effort is being
made to settle out of court.

In Squire Rose's court this morning
Jerome D. Rice & Co., Cambridge, N.
Y., garnished \$6.25 in the hands of
Oliver Bradshaw claiming the amount
from A. C. Bradshaw, who has re-
moved from the city. Trial at 8
o'clock Friday morning.

Michael Moore sued George M., and
A. C. Ramsey in Squire Rose's court
this morning for \$30, balance due on
account. Trial Thursday afternoon
at 1 o'clock.

No Work For Them Here.

"That new corporation formed in
Columbus yesterday for the purpose
of fighting the Bell telephone com-
pany will never find a foothold in
Liverpool," remarked a resident who
has been interested in telephone ser-
vice this morning. "The present
rates of the Central District are as
low as the new companies are offering,
and the county service without extra
charge is something the others can-
not give. I understand that East
Liverpool is named as one of the
towns upon which this company have
their eye, but they will have to make
it cheap as dirt to get a foothold
here."

Who Owns the Horse?

Henry Palmer, who resides near
Spring Grove camp ground, reported
to Humane Agent Lloyd today that
somebody had turned loose an old,
starved horse, and it had fallen
along the steps to his home and was
unable to arise. He was ordered to
kill the animal at once. The humane
officials would prosecute the owners
of such horses but for one obstacle,
that of being unable to find them.
Such is the case with the one reported
today.

Some of the Sick.

Walter B. Hill is confined to his re-
sidence on Third street by an attack of
remittent fever.

Frank Rea, the gentlemanly young
man who has been employed by W. O.
Hamilton, coming here from Canton,
is ill with typhoid fever.

Thomas McNeil, who came here
from Trenton a year ago, is ill at his
home on Seventh street with fever.

The Doctor Saved His Life.

Mr. G. Caillouette, druggist, Beavers-
ville, Ill., says: "To Dr. King's New
Discovery I owe my life. Was taken
with La Grippe and tried all the phy-
sicians for miles about, but of no avail
and was given up and told I could not
live. Having Dr. King's New Dis-
covery in my store I sent for a bottle
and began its use and from the first
began to get better, and after
using three bottles was up and about
again. It is worth its weight in gold.
We won't keep store or home without
it." Get a free trial at T. L. Potts'
Drug store.

Another Wedding.

It is announced that the wedding of
Benjamin Hipsley, of Steubenville, to
Miss Maud Leith, this city, will take
place here soon. The young couple
are now in East Liverpool the guests
of friends.

The couple drove to Lisbon this
morning and secured a marriage
license.

Cure for Headache.

As a remedy for all forms of head-
ache Electric Bitters has proved to be
the very best. It effects a permanent
cure and the most dreaded habitual
sick headaches yield to its influence.
We urge all who are afflicted to
procure a bottle, and give this remedy
a fair trial. In cases of habitual con-
stipation Electric Bitters cures by
giving the needed tone to the bowels,
and few cases long resist the use of
this medicine. Try it once. Large
bottles only 50 cents at Potts' drug
store.

Looking After Sewers.

Engineer George and his force were
looking after the sewers in the vicinity
of the Diamond last night and today.
The West Market street sewer is
among the most annoying in the
city.

HER ENTRANCE

—into society, and womanhood as well, is
an extremely critical period in every girl's
life. At this time she needs advice, and
what's more—help of the right sort. If she
puts her faith in Dr. Pierce's Favorite Pres-
cription it can bring only good results.
It's a medicine that's made especially to
build up women's strength and cure wom-
en's ailments—an invigorating, restora-
tive tonic, soothing cordial, and bracing
nervine; purely vegetable, non-alcoholic,
and perfectly harmless. For all the func-
tional derangements, painful disorders, and
chronic weaknesses that afflict womankind,
the "Favorite Prescription" is specific.

TERRIBLE PAIN AND FAINTING SPELLS.

Mrs. JACOBSON.
A book of 168 pages, entitled "Woman
and Her Diseases," sent sealed in plain
envelope for 10 cents in stamps to pay
postage. Address Dr. Pierce as above.

When I commenced tak-
ing your medicine I was
very sick. I had fre-
quent spells of fainting,
terrible pain in my head,
and life was a burden to
me. I was attended by
one of the best physi-
cians in our town, but
with no good results. At
last a neighbor advised
me to try Dr. Pierce's
Favorite Prescription,
which I did and after
taking one bottle I felt
greatly benefited. I
would advise all ladies
similarly afflicted to try
"Favorite Prescription."

Yours truly,
Mrs. SAMUEL A. JACOBSON.

The Millionaire's Eagle Eye.
Another story illustrative of the daily
life of a Chicago millionaire may help
to explain why some people have more
money than others.

This millionaire invited a visitor
from another city to meet him at a cer-
tain hour and accompany him to the
stockyards, where he has large interests.
The millionaire rode up in a sidebar
buggy somewhat the worse for mud and
wear, drawn by a shaggy but active
horse. He explained that before starting
for the yards he would have to go to one
of the large banks down town, as he
was on the board which regulated loans,
and he had to pass on an application
for a loan of \$500,000.

They stopped in front of the bank,
and the rich man hurried in and re-
mained several minutes. He came out
on a run, and they started rattledly bang
for the stockyards and Packingtown.

When they arrived and were entering
the packing house, they saw an old man
sorting out into barrels a heap of bones
and fatty remnants. The bones were
trimmed and put into one barrel and
the flesh and fat into another barrel.
The millionaire owner of the place
walked over to the workman and began
asking questions. Then he drew off his
coat, rolled back his shirt sleeves to the
shoulder and began rummaging among
the bones. He found several which had
not been properly stripped, and the
workman received a scolding which he
will remember all his life.

The stripping of those bones was just
as important as the loaning of \$500,000.
—Chicago Record.

Hard Wood.

According to a recent legal decision
reported in The Timberman, hard wood
is "any tree that has a leaf as distin-
guished from a needle." A man con-
tracted to deliver to a railroad hard wood
cordwood, and he delivered a popular in
part fulfillment of the contract. The
railroad rejected this as not hard wood
and sued, but the contractor won the
case on the decision of the court, as re-
ported above. Women will now have a
distinct and lawful standard to gauge
their hard wood furniture descriptions.

Licensed to Wed.

Lisbon, April 30.—Four marriage
licenses were issued today six of the
contracting parties being Charles
Boles and Miss Essie Eaton; William
Lemly and Miss Ida Wagner; R. P.
Crawford and Miss Lottie L. Wil-
liams.

George Lewis, an employee at the
Lisbon tin plate mill had his foot
mashed by a heavy door last night.
His injuries are severe.

Near to Death.

Word was received here this after-
noon that Miss Agnes Griffith, daugh-
ter of Mrs. Amelia Griffith, of Fourth
street, is lying at the point of death
at Braddock, where she was employed
in a millinery establishment. The
young lady was stricken more than a
week ago, and in spite of the best
medical attention and the careful
nursing of her mother, it is feared she
cannot recover.

Finishing Up.

The yard in front of the new cen-
tral school building is being relieved
of the accumulated dirt and sticks
necessary in erecting the structure,
and as soon as it is cleared the ground
will be sodded. The boxing which
hides the beautifully carved pillars at
the front entrance will soon be re-
moved, so that all can see.

**Lightning Hot Drops—
What a Funny Name!
Very True, but it Kills All Pain.
Sold Everywhere, Every Day—
Without Relief, There is No Pain!**

**WANTED—Good girl for gen-
eral housework. None but re-
liable party need apply. Good
wages. Family of three. In-
quire this office.**

THREE MEN PERISHED.

The Fire In East End, Pittsburgh, Grows
In Horror.

PITTSBURGH, April 30.—Three charred
and ghastly bodies, one of them burned
beyond recognition, form the list of
fatalities attendant upon the big fire
which visited the East End. The bod-
ies of Samuel Weaver, Fred Schneider
and William Mitchell have been re-
covered.

In the house on Kirkwood street at
the time the fire broke out Samuel
Weaver lay dying of typhoid fever. In
an adjoining room was his wife with a
2-days-old baby. The mother and
babe were being cared for by Mrs. Kate
Honck, a sister of Weaver. When the
flames communicated to the building
Mrs. Honck ran for help, and six men
went to the rescue. They saved Mrs.
Weaver and the child from the flames,
and then went after the husband. They
had succeeded in getting him partly out
of the house, and they were carrying
him on a cot, when a lamp exploded and
one of the partition walls fell. The
men were forced to drop their burden to
save their own lives.

The fire broke out in the feed store of
R. F. Bialas, at 5535 Penn avenue. A
sudden burst of flame through the roof
of this building was the first indication
of the fire. Before an alarm could be
sent in the flames had communicated to
the tenement house on Kirkwood street,
immediately in the rear of the feed
store, and in a short time all the houses
in the square, bounded by Penn avenue,
Kirkwood street and St. Clair street,
were included in the fire area. Loss
about \$12,000.

ESCAPED IN A BOX.

Novel Flight of a Fugitive Bank Cashier
From Charlotte, N. C.

CHARLOTTE, N. C., April 30.—The
fugitive bank cashier, J. R. Holland,
made his escape to Savannah in an ex-
press car on Tuesday night. Friends
put him in a large box, labelled the box
with a Savannah address and paid the
expressman to keep the secret. It is
believed that he is now in Gaston
county, this state, and that he will be
arrested today.

Had Holland remained he would
probably have escaped with a sentence
of not more than two years, but Dis-
trict Attorney Glenn now says he will
prosecute with the utmost rigor, which
will probably mean a ten years' sen-
tence.

Nearly Destroyed by Fire.

ROCKFORD, Ill., April 30.—The For-
est City furniture plant has been nearly
destroyed by fire. A workman by the
name of Twaid fell four stories from a
freescape and was fatally injured. The
blaze is thought to have been of incen-
diary origin. Loss, \$75,000; covered by
insurance.

Government Victory In Greece.

ATHENS, April 30.—The elections for
members of the Boule, the Greek par-
liament, resulted in a decisive victory
for the Government party. It is re-
ported that ex-Prime Minister Tri-
coupis failed of re-election. Prime Min-
ister Delyannis is the head of the Gov-
ernment party.

Not Backed by Italy and United States.

ROME, April 30.—An official note has
been issued denying the accuracy of
the Vienna dispatch to the London
Daily News saying that the Italian and
United States legations at Tokio are
supporting the Russian demands.

THE MARKETS.

PITTSBURGH, April 30.
WHEAT—No. 1 red, 64¢; No. 2 red, 63¢
64¢.

full make, 10¢; full make, 10¢; full make,
10¢; Wisconsin Swiss, 13¢; Ohio Swiss,
10¢.

EGGS—Strictly fresh Pennsylvania and Ohio
in cases, 13¢; 14¢.

POULTRY—Large live chickens, 70¢; per
pair, live chickens, small, 50¢; ducks, 65¢;
25¢ per pair, as to size; dressed chickens, 12¢
12¢ per pound; turkeys, 14¢; 15¢ per pound;
ducks, 15¢; 16¢ per pound; live turkeys, 11¢; 12¢
per pound; live geese, 8¢; 10¢ per pair.

CATTLE—Receipts fair, and the demand
fair; market about steady at unchanged
prices. We quote market as follows: Prime,
\$5.00; good, \$4.00; fair, \$3.00; good butch-
ers, \$4.50; rough fat, \$3.50; \$3.00; butts, stags
and cows, \$2.00; fresh cows and spring-
ers, \$15.00; \$15.00.

HOGS—Receipts light and the demand fair;
market opening fair on good medium and
light weights at the following prices: Market
closed and lower owing to heavy receipts
at Western markets; Philadelphia, \$5.25;
5.30; mixed, \$5.25; best Yorkers, \$5.15;
5.20; common to fair Yorkers, \$5.05; 5.10;
roughs, \$4.00; 4.10.

SHEEP—Receipts light, and the de-
mand is better, market opening fair and
a full quarter higher on both sheep and
lambs from last week. We quote: Extra,
\$4.30; good, \$4.00; fair, \$3.50;
3.50; common, \$3.00; best lambs, \$3.25;
5.30; good lambs, \$4.00; fair lambs, \$3.75;
4.25; veal calves, \$3.50; 4.25; heavy and thin
calves, \$2.00; 3.00; spring lambs, \$4.50; 5.00.

HOGS—Market weak and lower at \$4.25
65.00; receipts, 3,300 head; shipments, 800
head.

CATTLE—Market slow and lower at \$2.75
65.50; receipts, 1,300 head; shipments, 200
head.

SHEEP—Market quiet but firm at \$1.75;
4.50. Lambs, market firm at \$5.00; 5.25.

NEW YORK, April 30.
WHEAT—Spot market stronger but quiet.
No. 2 red f. o. b., 70¢; No. 1 hard,
77¢ delivered.

CORN—Spot market dull but steady. No. 2
elevator nominal; steamers mixed, \$2.50;
elevator, \$2.50; No. 1 white, \$2.50; No. 3,
\$2.40; No. 2 white, 37¢; No. 3 white,
30¢; track mixed and steady, 30¢; 34¢; track
white western and state, 37¢; 41¢.

CATTLE—Opened active, 10¢ higher; closed
quiet with an advance lost. Native, closed;
top to prime, \$5.00; 6.15; Texans, \$5.00; 6.15;
open, \$2.15; 5.50; butts, \$2.80; 4.75; dry cows,
\$3.00; 4.30.

SHEEP—AND LAMBS—Sheep firm; little
stronger for good grades; lambs trade easier.
Unshorn sheep, top to prime, \$4.00; 5.35;
clipped do, \$3.25; 4.25; unshorn lambs, com-
mon to choice, \$3.00; 4.25; clipped do, \$3.00;
fair to prime, at \$3.25; 4.30.
